AN AREA OF CONCERN

Social Media is an avenue to stay informed, share with friends, and connect with others, but many of you are being seen and heard on these sites in compromising situations. If it is deemed that comments, pictures or postings on any form of social networking is detrimental to the education of students at RULH, disciplinary action may be taken.

PHILOSOPHY

The philosophy behind the organization and administration of the athletic programs of the RULH School District is based upon the belief that every pupil should have an opportunity to participate in athletics at his or her best ability.

Participants and adult coaches involved in extracurricular activities are expected to demonstrate and promote the ideas of sportsmanship, ethics and integrity in all phases of athletic competition.

Coaches and teachers are confronted with a tremendous challenge daily, which is to provide guidance to each student with whom they come in contact, be it in the classroom, on the field, track or court. It is their responsibility to assure that each Student-Athlete has benefited physically, emotionally, intellectually and morally through interscholastic competition.

DEFINITIONS

Coach/Advisor as defined in this document is one and the same and will be referred to as **Coach**. The term **Coach** may include assistant and volunteer coaches.

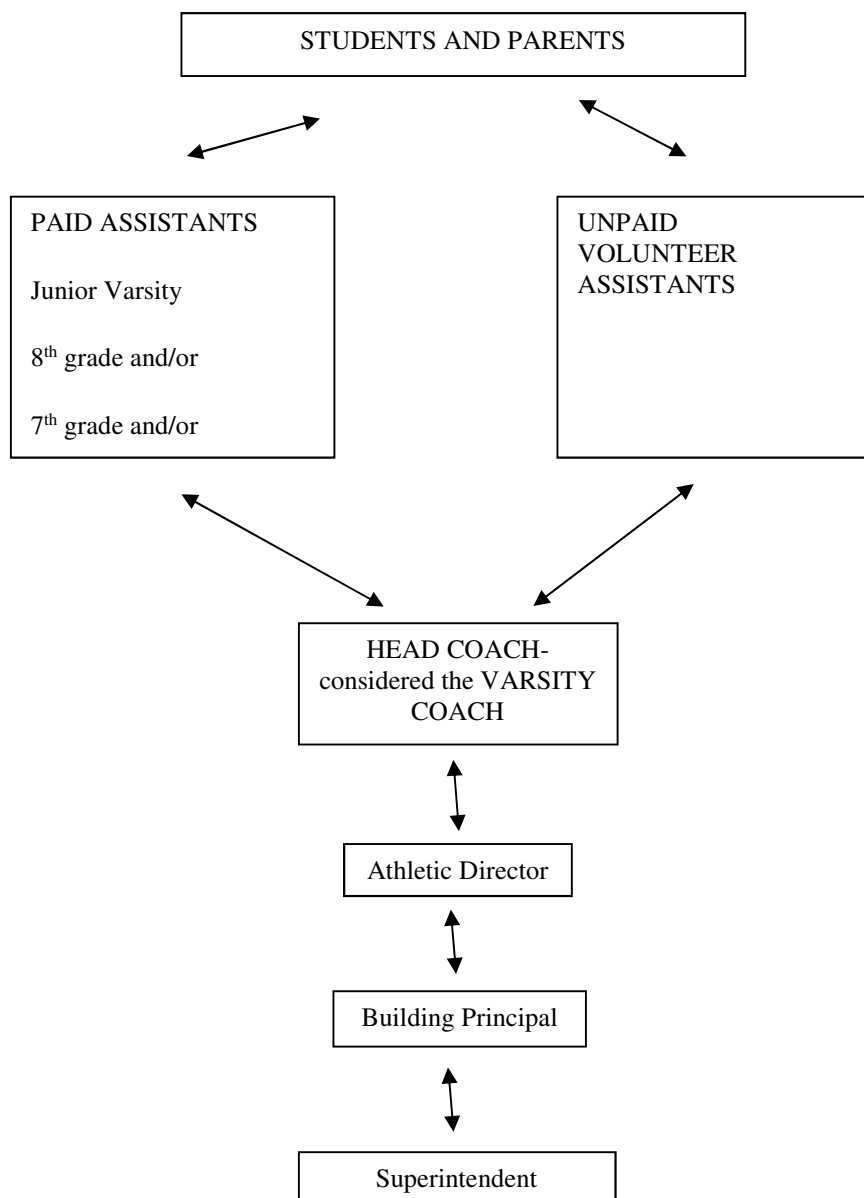

Assistant coaches are defined in this document as all PAID coaches below the level of head coach or varsity coach. This includes seventh grade, eighth grade, middle school, freshmen and junior varsity (JV) coaches.

Volunteer Coaches are defined in this document as all UNPAID coaches. Volunteer Coaches must be Board approved.

Student-Athlete as defined in this document shall include cheerleaders and may be referred to as **athlete**.

Any section of this document or portion thereof found by adjudication to be contrary to law or constitutional right shall be struck without affecting the remainder.

The athletic discipline and any additional rules governing student expectation relative to a given sport shall be distributed to each student and his/her parent(s) or guardian(s) at the mandatory OHSAA meeting conducted prior to that respective sport's season.

The flow chart above represents the chain of command for all decisions, suggestions, and concerns. Decisions, suggestions, or concerns should be handled as soon as reasonably possible, beginning with paid assistants and unpaid volunteers. If they feel the situation warrants a decision by the head coach, they should contact him/her as soon as feasible. Varsity coaches will report to the AD of the sport, who will report to the principal, who will report to the superintendent. If you do feel the person to whom you report is not handling the situation in a capable manner after bringing it to their attention, then speak with the next person in the chain of command. Please follow the chain of command.

EXPECTATIONS OF STUDENT-ATHLETES

The coaches and administration in the RULH School District believe certain standards of behavior, scholarship and citizenship are important to a sound athletic program. Expectations, sometimes beyond those required of non-athletes, may be imposed upon those who present themselves as Student-Athletes.

The following objectives of the athletic program at RULH show the importance of the established policies:

1. To encourage the athlete to recognize his/her responsibility to self, coaches, fellow athletes, and school.
2. To encourage the athlete to realize success is achieved through self-sacrifice and hard work.
3. To encourage the athlete to become aware of the value of established training rules. A sound and healthy mind and body are needed for maximum performances.
4. To develop in the athlete a sense that winning is only one result of the above objectives.

PAPERWORK TO BE COMPLETED BEFORE CONDITIONING

1. Each student must have a completed OHSAA physician's examination AND Emergency Medical Form before the Student-Athlete may participate in ANY team activities.
 - a. Summer open gyms or fields
 - b. Camps/clinics
 - c. Conditioning
 - d. Practice
 - e. Competition
2. In accordance with OHSAA Bylaw 3-5-1, the Pre-participation Evaluation is required to be completed once every 13 months. However, there is one exception and it reads: If the pre-participation athletic evaluation is conducted between May 1 and June 1, the pre-participation evaluation, signed by the medical examiner, is valid for one calendar year plus the remainder of that current school year's spring sports season (i.e. through mid-June).

ALL EXPECTATIONS OUTLINED IN THE STUDENT HANDBOOK FOR EACH BUILDING ARE ALSO IN PLACE FOR STUDENT-ATHLETES.

Student-Athletes are required to follow the rules and regulations outlined by the OHSAA. These may be found on the OHSAA site (OHSAA.org) under "eligibility."

All athletes and other participants on a team are under the following Student-Athlete Code of Conduct, 24 hours a day/7 days a week during the sports season.

A “sports season” as used above begins at the first organizational meeting of the team and/or first open gym/field and lasts until the awards program for that season has concluded.

ATTENDANCE AT SCHOOL

1. Athletes are expected to adhere to the attendance policies outlined in the Student Handbook.
2. Athletes must be in school prior to 9:30 am to be eligible to practice or play that day, subject to the exception listed in #5 below.
3. Athletes may not leave school before 1:45 pm to be eligible to practice or play that day, subject to the exception listed in #5 below.
4. Athletes must be in school on Friday in order to play on Saturday or Sunday, subject to the exception listed in #5 below.
5. Athletes may be able to participate where an absence is excused and approved beforehand by the Building Principal. Prior approval must be given by the Building Principal for medical appointments or attendance at a funeral. Proper documentation must be turned in following these events in order for the absence to be excused, allowing the athlete to participate in practice or a game that day.
6. Chronic absenteeism or non-credit status may effect eligibility for athletics.
7. A Student-Athlete that is charged with truancy will meet with the Athletic Director, Head Coach and Building Principal to determine if athletics is interfering with attendance at school. A plan of intervention will be developed.

PERSONAL CONDUCT OF A STUDENT-ATHLETE

1. Any discipline in school, on the bus, or on school property, whereby an athlete is suspended from school, will result in the removal of the athlete from practice and competition for the same amount of time as the discipline imposed. If in-school suspension is the consequence the coach will be notified and they will determine what punishment, if any, is given to the student athlete.
2. In matters pertaining to personal conduct of athletes in which violations of sportsmanship, attacks on officials, or other acts of misbehavior occur, the Head Coach of the sport, with input from the Athletic Director and Building Principal, will make the determination on the length of the removal from athletic participation. The OSHAA Handbook should be consulted before the penalty is assessed. The length of removal will be based on the severity of the offense and the past history of the athlete’s conduct on and off the playing field or court.
3. An athlete that has committed theft of school-purchased athletic equipment and/or other school equipment may be prosecuted. Restitution of missing items is expected. The Head Coach, Athletic Director and Building Principal will determine if removal from athletic participation is warranted. The length of

removal will be based on the severity of the offense and the past history of the athlete's conduct on and off the playing field or court.

4. A separate dress code will be determined by the Head Coach of each sport. Student-Athletes are to project a sense of pride as they travel as a team. School uniforms are not to be worn in public unless the coaching staff approves this ahead of time.

STUDENT-ATHLETE CODE OF CONDUCT

Violation of the following rules at practices or during competition may result in immediate suspension from the ***school and/or the team, depending upon the severity, circumstances, etc.*** **Students should be aware that poor behavior on the playing field/court that may or may not result in a ruling by the officials of the game can still be cause for discipline by the coach or administrator.**

6. **Rule 6 – Insubordination:** (Defined as being unwilling to submit to authority or disobedience) An athlete shall not disregard or refuse to obey reasonable directions or instructions given by school personnel while the student is under the authority of the school. **REPEATED VIOLATIONS OF ANY RULE, DIRECTIVE, OR DISCIPLINE PROCEDURE SHALL CONSTITUTE INSUBORDINATION.**

Examples of this offense could be making disparaging remarks, being outwardly sarcastic, saying things to achieve a derogatory effect, or back-talking the coach.
8. **Rule 8 – Violation of the Law:** An athlete shall not violate any law or ordinance when the athlete is under the authority of the school or its personnel. This would not only result in suspension or expulsion, but would also cause the school to refer the athlete to the proper legal authorities.

CHANGING SPORTS IN MID-SEASON

1. From the time an athlete's name appears on the official eligibility list for interscholastic sport, he/she may not join or compete in another interscholastic sport until after the last scheduled practice or game of the first sport.
2. Exception to a mid-season change of teams rule may be permitted if both coaches and the Athletic Director agree that this change would be beneficial to the student-athlete without being unfair to the players on the team they are leaving.

CUTS

1. In the event that student participation exceeds a workable number of athletes, the coach has the responsibility of "cutting" athletes from his/her team.
2. If cuts are to be made, a minimum of two (2) practices are to be held before the cuts are made.
3. All athletes cut from a team will be done in private with the coach. At that conference, a reason based on performance or attendance may be given to the athlete, with or without a request from the athlete.
4. In the case of returning students, the coach may offer the athlete suggestions of ways to be better prepared for the next season.
5. Cuts shall be made at the sole discretion of the Coach and are non-appealable.

ADDING ATHLETES AFTER THE START OF THE SEASON

2. In the event that school is closed and the scheduled contest is being held away from school the Superintendent and Building Principal shall consult before a decision to participate is made.
3. In an attempt to be fair to all parties, it is desired that these decisions will be made by 12:00 noon on the day of the contest.
